SUR 250 Surgical Technology Seminar
Effective Term: Spring/Summer 2021

Course Cover
Division: Health Sciences
Department: Allied Health
Discipline: Surgical Technology
Course Number: 250
Org Number: 15320
Full Course Title: Surgical Technology Seminar
Transcript Title: Surgical Technology Seminar
Is Consultation with other department(s) required: No
Publish in the Following: College Catalog , Time Schedule , Web Page
Reason for Submission:
Change Information:
    Outcomes/Assessment
Rationale: Update assessment tool based on current class material and exam standards.
Proposed Start Semester: Winter 2021
Course Description: In this capstone course, students will prepare to care and advocate for the surgical patient. This course entails a combination of research, theory and reflective learning (lab and clinical experience). In this course, students will develop their personal resume, as well as work on interview skills and present their resume in a "mock" panel interview during the course. Preparation for entering the Surgical Technology profession encompasses: knowledge, skill, professionalism, independent thinking and the ability to react quickly under stressful situations. This course will also allow for student exposure to exam questions similar to those seen on national Surgical Technology exams. Students must sit for the National Certification Exam as a requirement to complete the program.

Course Credit Hours
Variable hours: No
Credits: 3
Lecture Hours: Instructor: 45 **Student:** 45
Lab: Instructor: 0 **Student:** 0
Clinical: Instructor: 0 **Student:** 0

Total Contact Hours: Instructor: 45 **Student:** 45
Repeatable for Credit: NO
Grading Methods: Letter Grades
Audit
Are lectures, labs, or clinicals offered as separate sections?: NO (same sections)

Student Learning Outcomes

1. Pass the Association of Surgical Technology (AST) Practice Exam.
   - **Assessment 1**
     - Assessment Tool: AST Practice Exam
     - Assessment Date: Winter 2023
     - Assessment Cycle: Every Three Years
     - Course section(s)/other population: All sections
     - Number students to be assessed: All students
     - How the assessment will be scored: Answer key
     - Standard of success to be used for this assessment: 80% of students will score 102 (of 175) points or higher needed to pass the exam
     - Who will score and analyze the data: Departmental faculty

Course Objectives
1. Complete the assessment review module for surgical pharmacology.
2. Complete the assessment review module for Patient Care.
3. Complete the assessment review module for Medical Terminology.
4. Complete the assessment review module for Anatomy, Physiology and Microbiology.
5. Complete the assessment review module for surgical specialty procedures.
6. Complete the assessment review module for surgical case management.
7. Demonstrate professional accountability.
8. Demonstrate self-assessment.
9. Identify the role of independent decision-making for the surgical technologist.
10. Prepare a resume.
11. Demonstrate interviewing techniques.
12. Develop test-taking skills.
